## 3D Systems Launches BfB™ 3000 *plus* 3D Printer At RAPID

- Affordable Desktop Printer Delivers Personal Manufacturing -

**ROCK HILL, South Carolina, May 23, 2011** – 3D Systems (NASDAQ: TDSC) announced today the launch of a new desktop 3D Printer; the BfB™ 3000 *plus*. This affordable printer is available for immediate delivery and will be on display at RAPID 2011 May 24 – 26<sup>th</sup>, at the Hyatt Regency Hotel, Minneapolis, Minnesota, in booth 311.

The [BfB™ 3000 plus](#) opens up a whole new world of creativity with its feature rich, easy to use, desktop fit and intuitive, familiar user interface. Quick and simple to set up, this \$3,900 3D printer makes personal manufacturing a reality with a wide [choice of materials](#) and colors. Users will experience the benefits of file printability verification and rapid submission coupled with [multi-color print capability](#) for the ultimate 3D printing experience.

“We are very excited to present the BfB™ 3000 *plus*, our enhanced, fully assembled 3D printer,” said Andy McLaren, Director, Sales and Marketing, BfB for [3D Systems](#). “Our ability to launch this new printer exactly one year after the debut of our original BfB™ 3000 underscores our commitment to democratize access and accelerate adoption of affordable and easy to use 3D printers.”

## **Forward-Looking Statements**

Certain statements made in this release that are not statements of historical or current facts are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements may involve known and unknown risks, uncertainties and other factors that may cause the actual results, performance or achievements of the company to be materially different from historical results or from any future results expressed or implied by such forward-looking statements. In addition to statements that explicitly describe such risks and uncertainties, readers are urged to consider statements in the conditional or future tenses or include terms such as “believes,” “belief,” “expects,” “estimates,” “intends,” “anticipates” or “plans” to be uncertain and forward-looking. Forward-looking statements may include comments as to the company’s beliefs and expectations as to future events and trends affecting its business and are necessarily subject to uncertainties, many of which are outside the control of the company. The factors described under the headings “Forward-Looking Statements,” “Cautionary Statements and Risk Factors,” and “Risk Factors” in the company’s periodic filings with the Securities and Exchange Commission, as well as other factors, could cause actual results to differ materially from those reflected or predicted in forward-looking statements.

## **About 3D Systems Corporation**

3D Systems is a leading provider of 3D content-to-print solutions including 3D printers, print materials, creative printable content development, curation and downloads and on-demand custom parts services for professionals and consumers alike. Its expertly integrated rapid prototyping and manufacturing solutions reduce the time and cost of designing new products and printing real parts directly from digital input. These solutions are used to design, communicate, prototype and produce functional end-use parts empowering our customers to create with confidence.
