## 3D Systems Expands Content On The3dStudio.com

– Top Selling Stock Photographer Partners With 3D Systems –

**ROCK HILL, South Carolina, October 3, 2011** – [3D Systems](#) Corporation (NYSE: DDD), announced today that [The3dStudio.com](#) has made available over 21,000 newly released stock photo images from the Yuri Arcurs collection. Yuri Arcurs is often called the world's top selling microstock photographer and one of the masters of stock photography.

Tracy Eau Claire, Director of Business Development at The3dStudio.com says "Yuri's latest photos showcase new models and authentic lifestyle images that are perfect for all types of commercial image needs."

[The3dStudio.com](#) is a leading 3D content-to-print on-line marketplace that delivers over 1.9 million free and priced 2D and 3D content files and tools including printable 3D models, textures, stock photos and images. Its resources are used by designers, Makers, architects, ad agencies, game developers, graphic artists, book cover designers, filmmakers and publishers.

### **About 3D Systems Corporation**

3D Systems is a leading provider of 3D content-to-print solutions including 3D printers, print materials and on-demand custom parts services for professionals and consumers alike. The company also provides creative content development, design productivity tools and curation services and downloads. Its expertly integrated solutions replace, displace and complement traditional methods and reduce the time and cost of

designing new products by printing real parts directly from digital input. These solutions are used to rapidly design, communicate, prototype and produce functional parts, empowering its customers to create with confidence.

More information on the company is available at [www.3DSystems.com](http://www.3DSystems.com).
