## 3D Systems Expands Its The3dStudio.com Resources

- 3D Content-to-Print Marketplace Exchange  
Surpasses Two Million Resources -

**ROCK HILL, South Carolina, October 24, 2011** – 3D Systems Corporation (NYSE:DDD) today announced that [The3dStudio.com](http://The3dStudio.com), its leading digital media marketplace, has amassed over two million 2D and 3D resources including textures, tutorials, stock photos, stock images, and vector images. Printable [3D models](#) are the latest and fastest growing offering to become part of this extensive resource library.

“The 3dStudio.com is a vibrant online exchange for professionals and consumers alike,” said Rajeev Kulkarni, Vice President and General Manager, Consumer Solutions for 3D Systems. “Our members and consumers are asking for more innovative and printable 3D content and we are answering with a rapidly expanding base of developers. We are committed to develop and deliver the best customer experience available today as we continue to broaden choice, repertoire and utility of 3D printable content.”

### **About 3D Systems Corporation**

3D Systems is a leading provider of 3D content-to-print solutions including 3D printers, print materials and on-demand custom parts services for professionals and consumers alike. The company also provides creative content development, design productivity tools and curation services and downloads. Its expertly integrated solutions replace, displace and complement traditional methods and reduce the time and cost of designing new products by printing real parts directly from digital input. These

solutions are used to rapidly design, communicate, prototype and produce functional parts, empowering its customers to create with confidence.
