## 3D Systems CEO To Speak At E&Y Journey 2011

- Global Industry And Financial Leaders Exchange  
Knowledge, Insights -

**ROCK HILL, South Carolina, October 25, 2011** – [3D Systems](http://www.3dsystems.com) Corporation (NYSE:DDD) announced today that its President and Chief Executive Officer, Abe Reichental, will join Larry Leibowitz, Chief Operating Officer, NYSE Euronext (NYSE:NYX) and other distinguished panelists at the E&Y Journey 2011 Technology Conference session, “The great debate - go public or stay private,” sponsored by Ernst & Young on November 2, 2011 at the Hilton Tel-Aviv, Israel.

Journey 2011 brings together some 1,600 participants, 100 speakers and dozens of potential investors from Israel and abroad delivering a unique platform for knowledge sharing and networking. This year's theme, "Think Big," will be reflected in sessions addressing IPOs, M&A, doing business in China, cleantech, media, and many more. In addition to the plenary and parallel sessions, this year the Journey will be hosting a unique session on healthcare.

“I am grateful to Larry Leibowitz, COO, NYSE Euronext and E&Y for the opportunity to participate in and support such a prestigious business forum,” said Abe Reichental, President and CEO of 3D Systems. “Israel incubates some of the leading innovation and technology start-ups that will no doubt shape global high-tech trends and business models for years to come, which could present unique opportunities for 3D Systems and NYSE Euronext, respectively.”

## **About 3D Systems Corporation**

3D Systems is a leading provider of 3D content-to-print solutions including 3D printers, print materials and on-demand custom parts services for professionals and consumers alike. The company also provides creative content development, design productivity tools and curation services and downloads. Its expertly integrated solutions replace, displace and complement traditional methods and reduce the time and cost of designing new products by printing real parts directly from digital input. These solutions are used to rapidly design, communicate, prototype and produce functional parts, empowering its customers to create with confidence.

More information on the company is available at [www.3DSystems.com](http://www.3DSystems.com).
